Welcome!

Welcome to our Fall Production Sale. We value our many friends and customers that we have developed during our many years in the Hereford business.

This is our third annual female sale. We hope to gradually grow this event. Next year we plan on having a select group of fall show heifers in our sale also. We have a very exciting group of fall Nitro ET heifer calves on the ground. Please plan on attending our annual bull sale on Saturday, Feb. 6, 2010. We will be offering 180 Hereford bulls for your inspection.

The Hereford business is in a very exciting time. The breed has made fabulous improvement over the past decade and I feel that the trend will continue. Our genetic goal has been to balance phenotype, EPDs and pedigree acceptance. Soundness and problem-free production is our top priority in our cow herd.

Call if we can answer any questions about the offering or the cow herd. We cordially invite you to be with us on Saturday, Oct. 3, 2009, for lunch and viewing of an offering we're proud to present.
